

Curriculum vitae

As of Nov 05, 2024

Furigana	まきの よしかず Yoshikazu Makino			
Full name	牧野 善一 Yoshikazu Makino	性別	male	married
Birthday	November 05, 1955	年齢	69 years old	
Curr.add	Asato ,Naha-shi, Okinawa	最寄駅	Yui Rail Asato Station 3 minutes walk	
Final Educat	Graduated from the Department of Power Machinery, Faculty of Engineering, Tokai University Graduation research: The			
licence・Qual	Teacher's license (high school technical process special course), ordinary car driver's license			
				
Main Skill	<p>(1) Experienced occupation: Route sales (April 1977-June 1981) Job summary: 4 years of corporate sales experience in total. Engaged in route sales for small and medium-sized enterprises. http://ohana-field.com/Company/CEOSkill.html</p> <p>(2) Experienced occupation: System engineer, programmer (September 1981-March 1992) Job summary: Participated in contract development of about 18 projects through 10 years of engineer experience. In addition, manages more than 100 projects, although the scale is small. The final occupation is the manager.</p> <p>(3) Experienced occupations: System engineer, programmer, company management (May 1992-December 2003) Job summary: Over 50 projects under contract development in 13 years.</p> <p>(4) Experienced occupation: Business analyst, PL / PM, system engineer, programmer changed to self-employed (January 2004-) Job summary: Participated in more than 20 projects in 18 years. Company management (April 2024 ~)</p> <p>(5) Others: Various customized libraries and materials for SharePoint, introduction / operation support of self-owned "business support system". "Business support packages" are roughly divided into 7 industries.</p>			
M365 SharePoint Work History	<p>2022.04~2024.09 FS・Notes ⇒ SharePointOnline Data Migration Site Construction and Know-How ☆ Industry: COOP (29 Month) COOP ★Notes⇒FS, SharePointOnline data migration, modern site (business infrastructure) construction, know-how, etc.</p> <p>2021.10-2021.12 SharePoint Online Education Support ☆ Industry: Public relations (3 months) DNT ★SPO(online) education support, seminar development, site construction know-how provision</p> <p>2021.04-2021.08 Data migration to SharePoint Online sites ☆ Industry: Banking (4 months) SEB ★Data migration from FS and intra(WebDav) to SPO(online)</p> <p>2016.05-2021.03 SP(on-premise) site construction/SPO(online) site construction/dataMigration ☆ Industry: Electrical system (59 months) MEE ★BA / consulting work / study session held, SP/SPO site construction, SP/FS/intra data migration to SPO (online)</p> <p>2016.01-2016.02 Notes ⇒ SP data migration / SPO content creation ☆ Industry: Electric power system (2 months) TJS ★Data migration of NotesDB to SP(on-premise) and creation of SPO(online) content</p> <p>2015.10-2015.12 Notes ⇒ SPO (online) site conversion method study / analysis / estimation ☆ Industry: Public relations (3 months) HYD ★Examination of SPO(online)site conversion method(current situation analysis) and estimation work, sub PM work, estimation of development</p> <p>2014.08-2015.08 SharePoint(on-premise) site design/construction management support/data ☆ Industry: Non-life insurance company (13 months) AIG ★SP(on-premise) portal site design/construction, BAR/DevR general work(overseas support), AEM, Notes⇒Migration to SP</p> <p>2013.10-2014.06 SP Online site construction / operation management / migration tool creation ☆ Industry: Electrical system (9 months) ALP ★Notes⇒Migration to SPO(online), migration tool creation, list creation and editing, operation management, help desk general support</p> <p>2012.09-2012.11 Create extended list template for SharePoint (on-premise) ☆ Industry: Railway system (3 months) TIS ★Create SharePoint(on-premise) extended list template for portal site "SharePoint Servies 3.0 compliant"</p>			
Self PR	<p>[Management experience] ・ Company management, business management, management experience of about a dozen staff, many.</p> <p>[appeal point] ・ The development content is wide, and the business knowledge is detailed in the business know-how related to each industry. ・ In recent years, he has a wealth of experience in collaborating on the same project as the younger generation in seconded and dispatched work, and is also adaptable to age disparities and bilingual environments.</p> <p>[Language / DB / Occupation] ・ SharePoint (MicroSoft365) related, VB (Basic) system, C (Unix, VC) system, assembler, Fortran, etc. ・ SQL-server, Sybase, Oracle, Sfnware, Infomix ・ Personal computer (business / communication / control) system, Unix (control / FM) system, farm (control) system</p> <p>[SharePoint technical know-how] ・ Site / list / library templates for different purposes ・ Owns JavaScript libraries for various customizations (deployed to M365 tenants) ・ Experience in building sites using Power Plat Form "Power Automate, etc." ・ We have various materials that can be used for study sessions and in-house seminars, and the latest technology can be collected via the</p>			
Share Point Regarding main Document	<p>★ Material overview - Prepare materials for SharePoint Online usage</p> <p>① Information published on the Internet ⇒ 01. Introduction of SP public information, etc. -Information Internet - 19Page</p> <p>② What can you do with SharePoint? ⇒ 02.SP study session ①_SPO overview and site construction work - 41page</p> <p>③ What kind of template are you preparing? How is it different ⇒ 03. SP Study Group ②_Overview and Utilization of Templates - 40Page</p> <p>④ How to create a template (deployment / customization / setting, ⇒ 04. SP study session ③_ Template creation procedure - 33Page</p> <p>⑤ What is the image of the site example developed using the ⇒ 05. SP Study Group ④_ Template Deployment Casebook - 22Page</p> <p>⑥ How to operate the expanded template (site content)? ⇒ 06. SP Study Group ⑤_Template Operation- 27Page</p> <p>⑦ What is the recently talked about Power Platform series? ⇒ 07. SP Study Group ⑥_PowerPlatForm - 33Page</p> <p>⑧ How to use the library used as an alternative to the file server? ⇒ 08. SP Study Group ⑦_Document Library Operation - 24Page</p> <p>⑨ What is the difference between modern and classic? ⇒ 09. Appendix MS Version 1_Modern and Classic Inquiry Answers - 9Page</p> <p>⑩ How to customize SharePoint? ⇒ 10. SPOne Customization_Table of Contents - 8Page</p> <p>What kind of customization are other users doing? ⇒ 11. SPOne Customization ① - 30Page</p> <p>What is the method and customized result image and operation? ⇒ 12. SPOne Customization ② - 30Page</p> <p>⇒ 13. SPOne Customization ③ - 30Page</p> <p>⇒ 14. SPOne customization ④ - 20Page</p> <p>⑪ The "discussion board" and "questionnaire" provided as SP ⇒ 15. Work request site (with automatic mail delivery function)</p> <p>It is not possible to customize it according to your needs. ⇒ 16. Help desk site (automatic mail delivery/publication approval WF function available)</p> <p>What are "work request", "help desk", "questionnaire" sites ? ⇒ 17. Questionnaire site (with automatic mail delivery/automatic access authority</p> <p>⑫ Do you provide web parts and templates for customization? ⇒ All can be provided (paid) JavaScript common parts / templates (about 12KS)</p> <p>Is there a mock site where you can check the above materials ⇒ https://o365ymf.sharepoint.com/sites/com (access authority must be granted)</p>
